

Facility for Antiproton and Ion Research  
In Europe GmbH

GSI Helmholtzzentrum für  
Schwerionenforschung GmbH

---

The international accelerator center FAIR (Facility for Antiproton and Ion Research), one of the largest research projects worldwide, is currently being built in Darmstadt. FAIR is under construction at the existing research center GSI Helmholtzzentrum für Schwerionenforschung. At FAIR, matter that usually only exists in the depth of space will be produced and studied in the laboratory, in order to gain new insights into the evolution of the universe and the structure of matter. FAIR offers the opportunity to work in this international environment with a team that is dedicated to doing world-class science every day.

For the department **Finance (FAIR)** we are looking for an

### **Group Leader Accounting (all genders)**

**Posting ID: 21.117-778300**

#### **Your responsibilities include:**

- Group management of a small accounting team
- Preparation of annual financial statements (balance sheet, P&L, notes)
- Monthly VAT declarations and preparation of the annual tax return
- Cash management
- Clarification and posting of various business transactions
- Contact person for auditors and tax consultants
