ADVERTISEMENT FOR SUMMER INTERNSHIP PROGRAMME APRIL TO AUGUST 2026

Advt. No.: BI/ST/21/2025-26

Bose Institute invites applications from outstanding students in Physical, Chemical, and Biological Sciences for its short-term training programme. The programme will be conducted from April to August 2026, with a duration of 6–12 weeks. Selected interns will work under the mentorship of distinguished faculty members of the Institute. Selection will be based on academic excellence, research interests, and overall merit ensuring alignment with the Institute's current research activities. Approximately 50 students will be chosen to participate in this prestigious internship opportunity.

Eligibility:

Students who are pursuing Master's degrees (e.g. **MSc, MTech, etc.**) and the 4th year onwards students of **Integrated Masters course** etc. may apply. Students pursuing Bachelor's degree level course may apply only if they are in their final year of their course and also have **INSPIRE, JBNSTS, KVPY, NTSE**, etc. awards of national or state level. Minimum eligibility criteria for consideration of the requests are at least **75%** scores (or an equivalent grade) in all major school level examinations [Secondary school examination (10+) and higher secondary examination (10 +2)] and first division marks (**60%** in aggregate or equivalent grade) in Bachelors programme. Students who have completed their Master's degree or not enrolled to any such degree programme are not eligible for this training.

Applications must attach a recommendation/forwarding letter from the Head of the Department/Institution or Registrar/Dean of the University/Institute/College of the candidate in the attached prescribed format.

Candidates should apply **online** only ([click here to apply](#)) and attach a scanned copy of the recommendation/forwarding letter. A scanned copy of any official/published document showing the method of converting the score (e.g. CGPA) to percentage must be attached. Original certificates, mark sheets, recommendation letter and identity proof should be presented at the time of joining the training programme. Bose Institute will not offer any fellowship, nor any accommodation to the selected candidates. Communications regarding any such fellowships/accommodation will not be entertained by Bose Institute. Entry of misleading data in the application/incomplete application form will lead to the rejection of the application.

Tentative timeline of the programme:
